Our Goal

Our aim? To help you enjoy the wedding of your dreams, with complete peace of mind, surrounded by your loved ones, in a magical and relaxed atmosphere.

Throughout the planning of your wedding, we listen to your wishes and work with you to organise your reception – from the pre-reception drinks and the wedding meal right through to the brunch the following day.

Every detail is carefully orchestrated to offer you an experience that is as delicious as it is unforgettable.

Our Wedding Services

Our team will support you every step of the way as you plan your wedding.

Whether it's a welcome dinner, a buffet lunch, a cocktail reception, a reception with drinks, a sit-down dinner or a Sunday brunch, every detail is taken into account to make your event a truly special occasion.

1. initial contact

Once we have confirmed our availability, we will gather the key details: the venue and facilities, the types of meals required, any dietary requirements or intolerances, as well as your preferences and any special requests.

2. bespoke quotes

We are offering you a flexible menu suggestion. This will then be tailored to your requirements and expectations. We will contact the tableware hire company to let them know what we need for the reception.

3. Tasting

SOn request, we can visit your home to offer you a tasting of the various dishes we will be serving at your reception.

4. Validation

To confirm your booking, we require a deposit of 30 % of the total amount.

5. Personalisation & Organisation

This is where our maître d'hôtel comes in. Event planning, bars, setting up the reception venue, each guest's specific dietary requirements, the seating plan – everything is carefully thought through and noted down to ensure the reception is perfect.

6. The Big Day

Our team arrives on site early. The venue will already have been surveyed or will be familiar to us. We set up the reception area.After the meal, the areas used will be cleaned and the crockery carefully packed away in crates. Payment is due either before the event or on the wedding day.

Our Philosophy

At Umami Chef Privé, we prioritise seasonal produce sourced from local producers.
Our vegetables are grown using sustainable or organic farming methods, and our seafood comes mainly from the Capbreton or Saint-Jean-de-Luz fish markets.

Our idea is simple: to live and eat in tune with the seasons, to make the most of what nature provides, and to celebrate produce that is sometimes forgotten or overlooked.

After more than 15 years of travelling to discover cuisines from around the world, the chef and his team have created a modern, vibrant, colourful and umami-rich fusion, where every dish tells a story and celebrates the richness of flavours.
